Through the Classified columns of The West Virginian you may find a buyer for many things you do not need, and which may be of service to someone else.

United States Department of Agriculture Will Have Exhibit at Wheeling Fair

Activities of Federal Department to Be Shown in Ex-

the country generally, to make the government displays as complete and attractive as possible. The exhibits will cover about 4.000 feet of floor space and will illustrate the activities of the de-partment and the results achieved The Farmington Band went to tract and until forbid orders must be in writing addressed to the subjects they illustrate. Some the subjects they illustrate in gentlement and the results and until forbid orders must be in writing addressed to the Want-Ad Department. This is for your protection.

Houses And Lots beautifully colored transparencies, charts, maps and photographs. Instruments and appliances of all kinds used in the various activities of the department will be on display to show how work of every-day value to the people of the country is performed.

Mr. and Mrs. Less Mahaney have charged their place of residence from the Dragoo property on Rail-road street to the Murphy property on the west side of Farmington.

Mrs. Ruth Burnett and son Paul of these are of particularly ingeni-ous construction. There will be beautifully colored transparencies.

the country is performed.

Radio Demonstration.

Among the exhibits of the Bureau of Agricultural Economics is to be one illustrative of the radio news service by means of which the bureau's market increasition is disseminated throughwhich the bureau's market incommation is disseminated throughout the country by wireless. There
will also be a grain grading exhibit and demonstration, and the
work of the bureau in standardizing market baskets and shipping
containers will be illustrated. Ex-

work of the bureau in standardizing market baskets and shipping containers will be illustrated. Exhibits showing all phases of the cotton industry will be on display, including cotton standards, burees of damage, manufacturing, and warehouses. There will also be a transparency case showing the various grades of livestock animals and meat cuts.

Among the exhibits of the Bureau of Animal Industry will be a self-feeder for swine, breeds of swine, an Oliver house and colony growing house for poultry, trap nests, methods of tick eradication, a cow barn and milk house

ing lambs.

The Bureau of Plant Industry will photographically show the diseases that attack fruits, citrus fruits, berries and vegetables, in the field, in transit and in storage, and methods of controlling same; also cultural methods used in producing good seed corn and forage crops. Type heads of the leading varieties of oats and rice will be shown, as well as specimens of sugar cane. A cabinet depicting the methods and results of tree surgery will be shown.

How to waterproof leather and other materials for farm use will be shown by the Bureau of Chemistry. Of particular interest, are two sets of harness, one in good order that has been used for thirty-four years on a farm, and another that, because of neglect, is ready to be discarded after four or five years of use. The bureau will also show how it condemns and destroys foods that are the suited for use in the enforcement of the pure food and drug act. There will also be exhibits showing country hides and skins, the skinning of animals, the skinning of calves and sheep, and proteins amino-acids. The difference in the primary light, only 10 votes being cast out of 450 registered. Of the 150 ballots cast, 85 were Republican and 65 Democratic. The women candidates on both tickets here were nominated.

Ogden and Rosenbloom carried the national Republican ticket, while will be a for water.

skinning of animals, the skinning of calves and sheep, and proteins amino-acids. The difference in the resisting qualities of water-proofed and unwaterproofed canvas will also be illustrated.

Bird Exhibits.

The Bureau of Blological Survey will display specimens of millity rabbits, brown rats, birds of paradise and goura or crowned pigeons, American egrets and snowy herons; also destructive and beneficial birds and injurious and beneficial birds and injurious

and beneficial birds and injurious rodents.

The exhibit of the Forest Service includes a plea for protecting the forest against fires and methods of fighting fire in the National Forests; also woodland models showing the proper care of woodlands with respect to thinning for better wood production, etc. A turpentining exhibit will show good and bad methods of turpentining, specimens of products obtained from resin, tools used in turpentining and the various steps employed in this industry. A working model will illustrate what happens when hill dies are deforsted. Rainfall will affes are deforsted. Rainfall will and Mrs. A. Alkire visited in Shinnston Saturday evening.

where forests are gone.

The Bureau of Public Roads
will show models and illustrations
of the construction of plain macaof the construction of plain macaburg is the guest of Mr. and Mrs. dam and bituminous macadam Harold Swiger.

roads and brick roads; road relocation and an eight-foot slap top concrete culvert. Illustrations will also be shown of federal-aid

tensive Displays.

There is something there for everybody, young and old, and no pains have been spared by the various bureaus of the department, who are doing big things of vital interest to the people of the country generally, to make the government displayers a comment of the proposed and the proposed and the provides a control of the proposed and pains have been spared by the various bureaus of the department, who are doing big things of vital interest to the people of the country generally, to make the government displayers as comments.
